Vercelli's Archdiocese Pastorale Migrantes

Forgive the closeness and indifference
of our societies,
which fear life and mental changes,
used as burden, a cost.
You are, indeed, a gift.

Papa Francesco

OUR PURPOSES

1 HOSPITALITY

People, with whom the Ufficio Migranti works, are individuals, families or communities involved in the human mobility phenomenon, especially: foreigners immigrants, italian intern migrants, refugees, displaced people, stateless people and asylum seekers; italian emigrants; walking show people, rom, sinti and nomadics.

2 MEETING

Putting the society in the position to understand and enhance their identity, in order to create a peaceful environment, with a particular regard to the protection of individual and migrant families' rights and, in addition, to the promotion of migrants' responsible citizenship.

3 COMMUNION AND BROTHERHOOD

Working with the aim of avoiding discriminations, not only in the relationships with local citizenships and services, but also within their own communities.

4 CHANGE

Supporting the social and civil integration processes of the immigrant population within the realization of tiny hospitality projects -created through the help of local families- which have a particular regard towards minors and women, in order to allow them to access to useful informations related to the many institutional environment, for example the working and training ones.

5 CULTURAL DIALOGUE

Raise public awareness of multicultural topics and intercultural exchange, with the cooperation of public and private authorities, in order to contribute to the civil participation of immigrants.

OUR MISSION

The Pastorale Migrantes offers study and consultancy for the promotion of pastoral migratory care, it aims to promote attitudes and activities of brotherly welcome in the christian communities and, finally, it works in order to make the society comprehend and value the existence of different cultures in order to live in a peaceful environment.

It doesn't have the intention to take other already existing associations' and parishes' place, but to cooperate with them, with the purpose to offer a 360 degree service.
